Section 1

The Relational Presentation Approach	1
--------------------------------------------	---

Chapter 1

Where We've Been and Where We're Heading	2
-------------------------------------------------------	----------

1.1 Digital Presentation's Journey	4
1.2 The Need for Change	5
1.3 What You Will See and Do From Here.....	6

Chapter 2

What Is Relational Presentation?.....	8
----------------------------------------------	----------

2.1 About Relational Presentation.....	10
2.2 Why Does It Matter?	10
2.3 What Inspired These Ideas?	11
2.4 The Theory Behind Visual Interactivity	12
2.5 A Shift in Thinking	13
2.6 The Significance of Visual Clues	16
2.7 Becoming a Systems Thinker	17
2.8 Guiding Principles.....	19
2.9 Additional Thoughts.....	23

Chapter 3

How Does This Approach Help Me?	24
----------------------------------------------	-----------

3.1 Benefits Introduction.....	26
3.2 About Bill.....	26
3.3 Customization.....	28
3.4 Hidden and Subtle Features	30
3.5 Categorical Selection.....	31
3.6 The Presenter's Aid	32
3.7 Stress Reduction	35
3.8 Handling Objections, Closes and Obstacles	35
3.9 Additional Thoughts.....	36

Contents

Section 2

Getting Started with PowerPoint Skills.....	39
---------------------------------------------	----

Chapter 4

Introduction and Setup.....	40
------------------------------------	-----------

4.1 The Big Picture.....	42
--------------------------	----

4.2 Customizing the Work Area.....	43
------------------------------------	----

4.3 Getting Rid of the Text Boxes.....	45
----------------------------------------	----

Chapter 5

Working with AutoShapes.....	46
-------------------------------------	-----------

5.1 Thinking Outside the Software.....	48
----------------------------------------	----

5.2 What Is an AutoShape?.....	48
--------------------------------	----

5.3 AutoShapes and Flexible Presentation.....	49
-----------------------------------------------	----

5.4 Creating AutoShapes.....	53
------------------------------	----

5.5 Selecting AutoShapes.....	53
-------------------------------	----

5.6 Moving AutoShapes.....	54
----------------------------	----

5.7 Resizing AutoShapes.....	55
------------------------------	----

5.8 Adding Fill Color to AutoShapes.....	56
------------------------------------------	----

5.9 Adding Fill Effects to AutoShapes.....	58
--------------------------------------------	----

5.10 Adding a Border to AutoShapes.....	59
-----------------------------------------	----

5.11 Transparency and AutoShapes.....	59
---------------------------------------	----

5.12 Filling AutoShapes with Texture.....	61
-------------------------------------------	----

5.13 Filling AutoShapes with Pictures.....	61
--------------------------------------------	----

5.14 Adding Text to AutoShapes.....	62
-------------------------------------	----

5.15 Changing Shape Characteristics.....	64
------------------------------------------	----

5.16 Changing to a Different Shape.....	64
-----------------------------------------	----

5.17 Copying and Pasting AutoShapes.....	65
------------------------------------------	----

5.18 Applying the Format Painter.....	67
---------------------------------------	----

5.19 Alignment Using the Draw Menu.....	68
-----------------------------------------	----

5.20 Alignment Using Guides.....	68
----------------------------------	----

5.21 Distributing AutoShapes.....	69
-----------------------------------	----

Contents

5.22	Changing Stacking Order.....	70
5.23	Grouping AutoShapes	71
5.24	Rotating AutoShapes	71
5.25	Creating Lighting Effects.....	72
5.26	Adding Shadow to Text.....	72
	Exercise— AutoShapes	74

Chapter 6

Working with Pictures	76	
6.1	The Roles of Pictures.....	78
6.2	What Is a Picture?.....	79
6.3	About Picture Formats.....	81
6.4	Picture Size, File Size, and Resolution.....	83
6.5	Inserting Pictures.....	86
6.6	Resizing and Constraining Pictures.....	87
6.7	Adding a Border to a Picture	89
6.8	Cropping Pictures.....	89
6.9	Compressing Pictures	90
6.10	Moving Pictures.....	91
6.11	Flipping Pictures.....	91
6.12	Copying and Pasting Pictures	92
6.13	Alignment Using the Draw Menu	92
6.14	Alignment Using Guides.....	93
6.15	Distributing Pictures.....	94
6.16	Adjusting Picture Stacking Order	95
6.17	Grouping Pictures	95
6.18	Rotating Pictures	96
6.19	Darkening or Lightening Pictures.....	96
6.20	Making a Picture Semitransparent	96
6.21	Full-Screen Display	97
6.22	Creating Picture Stories	98
6.23	Incorporating Screenshots.....	105
6.24	Strategies for Stock Photos.....	108

Contents

6.25 Using the Photo Album Feature.....	109
6.26 Where to Find Pictures	111
Exercise—Pictures.....	112

Chapter 7

Working with Hyperlinks114

7.1 Introducing Hyperlinks.....	116
7.2 What Is a Hyperlink?	116
7.3 Hyperlink Roles in Relational Presentation	117
7.4 Hyperlink Sources and Destinations.....	118
7.5 Helpful Facts to Know about Hyperlinks.....	119
7.6 Inserting Hyperlinks.....	120
7.7 Internal Hyperlinks.....	120
7.8 External Hyperlinks	122
7.9 Linking to a Web Page	125
7.10 External Linking and Memory	126
7.11 Closing Slide Show Windows.....	127
7.12 Getting Rid of the Link Path Display.....	127
7.13 Hyperlinks and Stacking Order	128
7.14 Hyperlinks and the Slide Master	128
7.15 Hyperlinks with Invisible Sources.....	129
7.16 Referential Integrity	129
7.17 Editing Hyperlinks.....	132
7.18 Linking Strategies.....	132

Chapter 8

Working with Custom Shows.....134

8.1 Introducing Custom Shows	136
8.2 Creating a Custom Show.....	137
8.3 Using a Custom Show	138
8.4 Pros and Cons of Custom Shows	139

Contents

Section 3

Adding Navigation to Slide Shows	143
----------------------------------------	-----

Chapter 9

Navigation Elements and Styles	144
---------------------------------------------	------------

9.1 What Is Navigation?	146
-------------------------------	-----

9.2 Navigation Design Logic.....	147
----------------------------------	-----

9.3 Navigation Elements.....	149
------------------------------	-----

9.4 Navigation Styles: SHOWCASE	150
---------------------------------------	-----

Exercise A—SHOWCASE Navigation.....	151
-------------------------------------	-----

Exercise B—SHOWCASE Navigation	152
--------------------------------------	-----

9.5 Navigation Styles: IN-LINE	154
--------------------------------------	-----

Exercise A—IN-LINE Navigation	155
-------------------------------------	-----

Exercise B—IN-LINE Navigation.....	157
------------------------------------	-----

9.6 Navigation Styles: ZONE	158
-----------------------------------	-----

Exercise—ZONE Navigation	160
--------------------------------	-----

9.7 Navigation Styles: INVISIBLE.....	162
---------------------------------------	-----

Exercise—INVISIBLE Navigation	165
-------------------------------------	-----

9.8 Navigation Styles: NESTED	166
-------------------------------------	-----

Exercise—NESTED Navigation	170
----------------------------------	-----

9.9 Navigation Styles: ANIMATED	180
---------------------------------------	-----

Chapter 10

Navigation Strategies and Concepts	182
-------------------------------------------------	------------

10.1 Navigation Best Practices	184
--------------------------------------	-----

10.2 Navigation Element Aesthetics	184
------------------------------------------	-----

10.3 Encouraging Interactivity.....	186
-------------------------------------	-----

10.4 Promoting Presenter Expertise.....	187
-----------------------------------------	-----

10.5 Obscuring Information	188
----------------------------------	-----

10.6 Link Consistency	189
-----------------------------	-----

10.7 Link Redundancy	190
----------------------------	-----

10.8 The Illusion of Completion	191
---------------------------------------	-----

Contents

10.9 Linearity vs. Navigation.....	192
10.10 Navigation Building Strategies	193

Section 4

Planning and Building a Presentation Network.....	195
---------------------------------------------------	-----

Chapter 11

Systems Thinking and Speaking Environments196

11.1 Introducing Systems	198
11.2 Systems Dynamics Variables	199
11.3 Systems Dynamics Effects.....	201
11.4 The Role of Modularity	204
11.5 Information Clustering.....	205
11.6 Content Management	206
11.7 Information Architecture.....	207
11.8 The Content Ladder	207
11.9 The Value of Reusable Content	209

Chapter 12

Components of a Presentation Network212

12.1 About Presentation Networks	214
12.2 Network Components	216
12.3 Cover (Branding) Show	217
12.4 Main Switchboard	223
12.5 Seed Presentations.....	225
12.6 Subswitchboards	227
12.7 Core Networks.....	229
12.8 Primary Shows and Collections	230
12.9 Picture/Video Stories.....	232
12.10 Conclusions Section	233
12.11 Resources Section	233
12.12 Primary Navigation Buttons.....	235

Contents

12.13 The Virtual Switchboard Illusion.....	239
12.14 The Reason for a Separate Cover	241
Exercise—Presentation Network.....	242

Chapter 13

The Seven Phases Approach.....	244
13.1 Introducing the Seven Phases.....	246
13.2 Phase 1: Needs Analysis	249
13.3 Phase 2: Content Analysis	253
13.4 Phase 3: Content Organization.....	257
13.5 Phase 4: Building the Network.....	259
13.6 Phase 5: Alpha/Beta Testing the Network.....	261
13.7 Phase 6: Implementation	262
13.8 Phase 7: Follow-up and Maintenance.....	263
Exercise—Seven Phases	264

Section 5

Design Considerations	267
-----------------------------	-----

Chapter 14

Communicating with Visuals.....	268
14.1 The Current Mindset.....	270
14.2 Moving Beyond Bullets	270
14.3 You Can Develop a Visual Outlook	272
14.4 Think Picture Stories.....	273
14.5 Include Real Experiences.....	274
14.6 Augment Graphics Arts Skills	275
14.7 Look for Visual Inspiration	276
14.8 Don't Forget the Obvious	277

Contents

Chapter 15

Visual Elements You Can Use	278
15.1 The Elements of Visual Expression.....	280
15.2 Visual Elements: Text.....	281
15.3 Visual Elements: Pictures	282
15.4 Visual Elements: Graphics	283
15.5 Visual Elements: Graphs/Tables/Diagrams/Charts	286
15.6 Visual Elements: Freehand Drawings	288
15.7 Visual Elements: Inserted Objects.....	289
15.8 Visual Elements: Video.....	290
15.9 Visual Elements: Animation	291

Chapter 16

Design Strategies	292
16.1 The Importance of Quality Design	294
16.2 A Quick Summary of Design Principles.....	295
16.3 Use of Colors	296
16.4 Consistency	298
16.5 Off-center Placement.....	302
16.6 More Lighting Effects.....	303
16.7 Backlighting.....	306
16.8 Design Coordination.....	307
16.9 Unnecessary Labeling.....	307
16.10 Visual Clues.....	308
16.11 Alternatives to Bullet Points.....	312

Section 6

Delivering Relational Presentations	317
-------------------------------------------	-----

Chapter 17

The Four Types of Interactivity	318
17.1 Introduction to Interactivity	320
